

Exchange Point Status PAIX.net, Inc.

Paul Vixie

<http://www.paix.net/>

Who's Who

- Metromedia Fibre Network (MFNX)
 - Abovenet Communications, Inc.
 - PAIX.net, Inc
 - M.I.B.H., Inc.

Current Locations

- Palo Alto
 - ground floor expansion space open, mostly full
 - lease signed for second facility, open this year
- Tysons Corner
 - substantially complete in an old SAIC building
 - MFN dark fibre available for SONET providers
 - customer-ready by approximately mid-March

Upcoming Facilities

- MFN has “fibre motels” all over the world
- PAIX has rights to any of these
- I’m not allowed to say which ones are next
- Customer demand will set priorities
- See [http://www. pai x. net/](http://www.pai x. net/) for contacts

Services

- Currently
 - Ethernet, FastEthernet, GigabitEthernet
- Deprecated
 - FDDI
- Planned
 - Higher density GigabitEthernet, remote peering
- Investigating
 - MPLS, 10xGBE
