ARIN Open Microphone
NANOG 23

Richard Jimmerson

Director of Operations

October 23, 2001   Oakland, California

Reason for this Session

- Operator input crucial to the Internet resource policy evaluation process

- Operators are most affected by ARIN policies

Policy Development Process

- Developed by the Internet community within the ARIN region

- Participation open to everyone

- Policy issues are discussed:
  - On ARIN public mailing lists
  - At open public policy meetings (twice yearly)
  - At other meetings

- Internet Resource Policy Evaluation Process located at:

  www.arin.net/arin/policy_eval_process.html
