

Community Input on IPv4 after IANA Free Pool Exhaustion

Presented by Members of the ARIN AC

Introductions

- * Who is ARIN
- * What is the ARIN AC
- * What does the ARIN AC do
- * Who is here from the ARIN AC
- * Why are we here

Defining the Problem

- * Who is IANA
- * What is an IANA Free Pool
- * When will it run out
- * What can we do about it

The AC-authored IPv4 Transfer Proposal

- * Provides for transfers of IPv4 resources between distinct cooperating third parties without business acquisition
- * Preserves need-based acquisition of IPv4 resources
- * Attempts to prevent or at least minimize de-aggregation

ARIN AC Authored IPv4 transfer proposal

- * The policy proposal text is at <http://lists.arin.net/pipermail/ppml/2008-February/009978.html>
