

Internet Operations and ARIN Policy - Is There Convergence?

Policy Issues That Affect YOU

- 4 byte ASNs
- Whois Cleanup
- IPv6 Policies
- Relaxed Transfer Policies
- Etc..

I'm Sure You are now Fretting

- Not to worry
- ARIN is membership based
- You can make a difference

Focus on two Policies

- Two 30 min sessions
- First Session: Focus on relaxed transfer policy and how it may impact operations, business, Internet, etc.
- Snack break
- Second Session: Focus on V6 policies and how it may impact the operations, business, Internet, etc.

Panelists

- Tom Daly, Dynamic Network Services
- Daniel Alexander, Comcast Cable
- Igor Gashinsky, Yahoo
- Kevin Oberman, ESnet
- Aaron Hughes, 6connect

Discussion – IPv6 Based Policies

- Not a lot of operational experience to back up policy
- Big discussion on assignment sizes
- Route Filtering - /32 or /48's or ?
- Should routing policy affect ARIN Assignment/ Allocation policies?
- Are v6 policies hindering v6 rollouts?
