

IPv6: Emerging Stories of Success?

Transitioning to IPv6

- IPv4 runout has been advertised and is coming soon
- IPv6 has been around a while now – many OSes support v6
- Actual measured V6 traffic is small
- Lots of work left in applications to support V6
- What can be done to impel the use of IPv6?

Agenda

Two themes:

– Building a network for IPv6

- **John Brzozowski**, Comcast;
- **Matt Ryanczak**, ARIN;

– V6 Enablement

- **Owen Delong**, Hurricane Electric;
- **Aaron Hughes**, 6connect
