

NANO G

Bellevue, Washington

June 5 to June 7, 2017

Closing Remarks

Why are Survey Comments Important

Set up well for interaction

This was a great,
informative session

Needed more
contrast

Very good honest panel
We need more
presentations like this.

Any automation is a good subject.

Interesting, and to the point.

Space Consideration

Lightning Talk Submissions Open (Abstracts Only)	Sunday, 10/01/2017

Meet us in San Jose, CA for NANOG 71!

This is the eighth time NANOG is being held in the Bay Area. This will be NANOG's fourth back-to-back meeting with DNS-OARC, fourteenth back-to-back meeting with ARIN, and third Hackathon sponsored by Facebook. We will be gathering at the Fairmont San Jose.

Founded in November 1777, San Jose is now the 3rd largest city in California with multiple high tech companies, a thriving cultural scene including museums, theater, & art, and hundreds of things to see while in the area.

NANOG 71 Hackathon takes place October 1, 2017 and the conference runs October 2-4, 2017. Both will offer a great opportunity to network with colleagues, freshen-up skills, learn advanced networking techniques, and discover new network applications. NANOG 71 host sponsor is Equinix.
