</table>

1) Administrative Items
   - Previous Board Meeting Minutes:
     o Minutes of the June 26th, 2014 meeting were approved.
     🗗 **MOTION made by Jezzibell; seconded by Mike; unanimously approved.**
     o The list of action items will be attached to the minutes after each call
     o The minutes of the Executive Session held by the Board on June 26 will be kept confidential.

2) Chair Update (Mike)
   - Elections
     o Steve F. and Mike S. still need to rework the text of the proposal to extend board terms to 3 years
     🗗 **Action:** Mike & Steve to distribute the draft by the end of the week.
   - Board Strategic Session
     o Due to conflict in schedules, the initial strategic discussions will be held via conference calls
     o Two calls have been scheduled
     o The board will meet face to face in Chicago on December 8th, 2014. The newly elected board members will also be invited
     ☰ Those not able to attend in person can join via conference bridge
     🗗 **Action:** Betty will send the Strategic Plan to the board and clarify what the current status is with each item

3) ED Update (Betty)
   - Elections
     o Landing webpage is almost ready
     o We will be using for the first time a program called “BigPulse” to manage nominations. The cost is $2,300. This is the program used by ARIN. The goal is to improve the voting experience for our members
     o Betty and staff are currently working on BigPulse to get it ready for testing
   - An RFP was sent out for meeting AV, network and netcasting services. ARIN was also included in the distribution.
   - N62 Site visit: Betty visited the Baltimore hotel for the second time and the space was reviewed and redefined – the meeting went well
   - Article 12 of NANOG Bylaws:
Betty spoke with both the NANOG and the ARIN attorneys to get clarification on how NANOG can interface with regulatory bodies without infringing on its 501 © 3 status.

The resolution was that while NANOG can in fact, interface with regulatory agencies, NANOG Board Members and ED are highly discouraged to make public statements about government regulations or policies. The risk of this action relies in that NANOG may be perceived as becoming a lobbyist organization.

They recommended to have topics of interest brought up into regulatory agencies by the Program Committee, instead of directly by NANOG leadership individuals.

- Other ED updates were sent by Betty via email prior to the call.

4) Committees Update

- PC (Greg)
  - The PC is on initial phases of recruiting for N62
  - No major issues so far
  - NOTR: two speakers have been secured; one of which, was a speaker at N61

- CC (Matt)
  - Mailing lists are doing well

- Ad Hoc Committees (Val)
  - Val is working with Ilissa on marketing materials for the upcoming NOTR
  - They are drafting a 1-page brochure to promote the two classes that are being offered, as well as an email blast that will be used to send to the surrounding targeted schools
  - The education landing webpage has been updated with new text, and the education pages will be updated by tomorrow
  - As soon as Ilissa and her team are done with gathering the target audience info they will start promoting the classes to the schools

5) New Business

- HR Services to convert Val and Betty into NANOG employees: Betty shared with the board information about HR service providers via email
- ED contract renewal: Jezzibell, Dave and Ryan will work on a new contract and report to the board in the next coming weeks

Meeting adjourned at 1:28pm

Next meeting: Thursday, August 21, 2014 at 1pm PDT

NANOG BoD Action Items – as of 7/17/2014
