Declaration

I hereby signify my willingness to stand for office as candidate for:

Board of Directors

I agree, that if elected, I will adhere to the Bylaws and Policies and Procedures of NANOG currently in force and as may be amended by the membership from time to time.

1) Provide a brief biography of recent experience, associations, and affiliations relevant to serving on the NANOG Board of Directors or NANOG Committees. Please be as specific as possible.

I am presently the Chair of the NANOG Program Committee, in which I have served in that role for nearly two years. I have also been a member of the Program

Committee for nearly four years. I also founded the Open-IX Project and am active on the interim board pending election.

The following questions are to be answered by Board of Directors Candidates ONLY

2) Describe the relevance of your technical and professional experience to serve on the position you are interested in.

I have operated Internet-facing networks for over a decade now, including content, infrastructure and internet providers.

3) What Internet-related services do you or your current employer or organization provide?

Netflix provides streaming video services to over 35 million customers around the world.

4) Are there any conflicts, real or perceived that might arise should you be elected as a NANOG Board of Directors or Committee member?

No conflicts that I am aware of.

5) What contributions do you plan to make to NANOG over the next year? What are your personal objectives should you be elected?

I feel that the value that we deliver to our attendees has been on the decline. We could offer our members much more based on our exposure in the industry. I feel that we could be expanding our member base and bringing in more junior as well as senior members of the community.

6) What advantages does and will NANOG gain by your contribution of resources, contacts or influence in the industry?

I am intimately familiar with the operations of NANOG – from both the program and logistical sides. I have hosted a meeting (in the days where the host was responsible for hotel contracts as well as numerous other logistical items). I've also functioned as a sponsor and committee member and have hosted numerous socials. My contacts and business relationships at Netflix have repeatedly proven fruitful for NANOG – both in terms of new sponsors as well as meeting support. Lastly, I'm skilled at business negotiations and feel that I could be of great service in assisting the ED on working with our vendors on meeting expectations.

7) Describe any concerns or limitations on your ability to participate or travel to attend Board or Committees Conference Calls or, Meetings, and NANOG Meetings in person or to serve the entirety of your term.

None. I have a nearly perfect attendance record for NANOG meetings during my PC term, including during career transitions. I also attend multiple phone meetings per month for both the PC and board liaison roles I hold today.

8) Board and Committee experience, if applicable:

Chair of the NANOG PC

Ex-officio member of the NANOG Board of Directors (due to PC)

Member of the Open-IX Board
